CHIEF JUSTICE CHASE.—As Sheridan remarked of the Jew Isaac, who pretended to have become a Christian, that he, like the blank leaves between the Old and New Testaments, belonged to neither dispensation, so Chief Justice Chase, by his recent affiliations with the Democracy, and his openly avowed disgust with the turn of affairs at New York, may be regarded as neither a Republican nor a Democrat. In a recent conversation with an intelligent Western gentleman, the Chief Justice spoke very strongly against the Seymour and Blair ticket. He said that if it should be elected all the fruits of the four years war against the rebels would be lost. On the other hand, he complained with considerable bitterness that the Republican party lines were drawn too closely; that he and many who sympathized with him, would like to support the Chicago nominees, but were met only with a coldness and distrust nearly equivalent to repulsion. This, he felt was uncharitable. We can easily imagine that the situation of Mr. Chase is far from agreeable, but none but himself is responsible. If his relations with the party to which all his political success in life is due are not what he would like, the remedy is plain, if not attractive. Let the wanderer return and by his future course repair the injury he has done to himself. His old friends will be lenient when he has shown himself disposed to do right, but they have no concessions to make, no soft egoteries to offer. — *Cincinnati Gazette.*

—It is said that there are now at the Paris conservatory two girls who will surpass the one Rachel, and the other Mile. Mars. The tragic actress, Mile. d'Herouville, is a tall, majestic, well-made girl of extraordinary beauty. The successor to Mile. Mars is a fascinating blonde of great beauty. They have both distinguished themselves in the Conservatory, where they have taken the highest prizes.

—A curious custom was observed at the great annual French shooting *fete* at La Badouliere, which has just taken place. The marksman who can hit the bird called the popinjay in the breast is honored with the title of King, and should he be the victor three times in succession, is called Emperor. This latter dignity, which is only conferred two or three times in a century, was this year gained by M. Pierre Fargere, a bell maker.

—Julius Favre is said to have discovered a petition drawn up in 1843, praying King Louis Philippe to have Louis Napoleon Bonaparte court-martialed and shot as an enemy to the peace and tranquility of France. Among the signers of this interesting document are one of the Emperor's present Ministers, one of his ex-Ministers, half a dozen ultra Bonapartist members of the Corps Legislatif, and Lieut.-Col. (now Marshal) Canrobert.

GREAT IMPROVEMENT IN DENTISTRY.

The attention of the public is called to a great discovery in Dentistry.

THE GREATEST ADVANCE STEP EVER MADE IN THE ART.

The main difficulty in wearing artificial teeth is, they do not hold in their place firmly enough, and add to this the annoyance of food getting under the plate while eating. I have discovered a method of so constructing the plate on which the teeth are set that they will not start or drop while eating or speaking, neither will any particles of food get under the plate, no matter what the condition of the mouth is, which is not true of any method hitherto used.

I have secured Letters Patent for the United States, England and France.

The improvement is not in material, but in the construction, which cures the atmospheric pressure on the entire plate.

I have sold the exclusive of said improvement to Dr. L. Gilman, to wit, the Counties of Franklin, Washington, Chittenden, Lamoille and Grand Isle. Those wishing to avail themselves of such improvement, will call on

Dr. L. GILMAN, ST. ALBANS, VERMONT.
